Garden Maker Concrete Planters

San Marcos Growers manufactures Garden Maker Concrete Planters. Pots are cast in a natural concrete color. The cement is stabilized, making them ideal for water garden use. There are many of these pots planted up with some of our most special plants situated throughout the nursery gardens. Photos of these pots are available on our website at www.smgrowers.com/products/gardenmakerpot.asp.

Santa Barbara Botanic Garden & Carol Bornstein Introductions

Carol Bornstein, during her long tenure at the Santa Barbara Botanic Garden, coordinated the garden's plant introduction program and personally selected many new cultivars of California native plants. We are pleased to be able to grow many of these plants and to continue to support the Santa Barbara Botanic Garden's ongoing efforts to promote the sensible use of our native plants. Carol also introduced several plants outside of the Santa Barbara Botanic Garden Introduction program and these are listed below followed by her initials (CB). A complete list of California native plants that we grow is on page 47.

Artemisia californica 'Canyon Gray'
Ceanothus arboreus 'Powder Blue' (CB)
Ceanothus griseus 'Point Sal' (CB)
Encelia californica 'Paleo Yellow' (CB)
Eriophyllum nevinii 'Canyon Silver'
Heuchera 'Canyon Belle'
Heuchera 'Canyon Duet'

Heuchera 'Canyon Pink'
Hyptis emoryi 'Silver Lining'
Keckiella cordifolia 'Mountain Flare' (CB)
Leymus condensatus 'Canyon Prince'
Senecio palmeri 'Silver and Gold'
Solanum xanti 'Mountain Pride' (CB)
Verbena lilacina 'De La Mina'

San Marcos Growers Santa Barbara, California

Terms and Conditions

Terms

All orders will be C.O.D. upon delivery unless a prior account has been established. We accept Visa, MasterCard and American Express. Credit is available to established businesses based on the following terms:

- 1) All accounts are due and payable 30 days after the date of invoice.
- 2) Overdue accounts will be subject to a service charge of 1.5% per month or 18% per annum.
- 3) San Marcos Growers retains the right to deny further credit on overdue accounts.

Conditions

This price list cancels all previous editions and quotations and is intended for the trade only. All prices are quoted F.O.B. our nursery. Prices are subject to change without notice.

Non-Warranty

San Marcos Growers will exercise care to have all merchandise true to name, and makes no further warranty, expressed or implied, as to the variety or productivity of any nursery stock sold. Under no circumstances will San Marcos Growers be held liable for more than the invoice price at the time of purchase. No liability is assumed by the Seller for the delay or failure to deliver as a result of conditions and all instances beyond control. If the Buyer does not accept the goods on these terms, they are to be returned to the Seller immediately.

Hold Orders

Orders for future delivery or pick up will be held and guaranteed for no longer than 2 weeks.

Claims

All claims for any reason must be made immediately upon the receipt of goods. If an error has been made, please notify us promptly and we will make an adjustment. We do not guarantee the longevity of plants and will only accept returned goods for full credit when notified within 3 days after delivery.

Returned Stock

Accepted returned plants within 30 days of invoice or shipping date will be subject to a **20% restocking fee**. No return nursery stock will be accepted after 30 days. Plants removed from their pots or otherwise planted will not be accepted for return. All requests for San Marcos Growers to pick up plants must be authorized by a San Marcos Growers Sales Representative. Information needed for a pick up order to be issued includes the invoice number, the quantity, type and size of the plant material to be picked up and the reason the plants are to be returned. The drivers will not pick up plants without prior authorization. **See notes below regarding returns from within pest quarantined areas.**

Certified Nursery

San Marcos Growers is certified and inspected by the California Department of Agriculture. Our California Nursery Stock Certificate number is **D-6799**. This assures that plant material has been regularly inspected and certified as free from injurious plant pests and disease symptoms and may be released for shipping and planting in California without further inspection unless other quarantine regulations apply. San Marcos Growers is in compliance with California Department of Agriculture and blue tags orders containing Glassy-winged Sharpshooter hosts. Our compliance number is **GWSS-42004**. All blue tag orders must be inspected by your county agricultural department upon delivery. Please consult your agricultural department officials for local restrictions. Regulations have been enacted by the USDA to prevent the spread of the Sudden Oak Death (SOD) pathogen, *Phytophthora ramorum* and the Light Brown Apple Moth (LBAM). We are inspected regularly by our local Agricultural Commissioner's office and neither this pathogen, nor insect pest, has been found on our property. We are authorized to ship plant material interstate certified under **APHIS 7CFRXXX.XX** with the California compliance number: **42D6799001** and certified under the Federal Domestic Quarantine Order for Light Brown Apple Moth with compliance number: **CA-42QLBAM00003569**. Because of current LBAM quarantine regulations, plants delivered into quarantined areas **CANNOT BE RETURNED** once our truck has left the delivery site. **We grow no Asian psyllid host plants.**

Deliveries

Regular deliveries are scheduled along the north/south coast from San Diego to southern Sonoma County. Please consult the chart on the next page regarding shipping rates for your area. Drivers are instructed to deliver plant material only as far as they can safely drive the delivery truck and to place plants no further than 15 feet away from the truck. San Marcos Growers will give an estimated time of arrival (ETA) for deliveries but they are, as implied, only estimates and we will not be held responsible for any costs incurred by receiver for orders that are not delivered at the time that has been estimated. On deliveries where boxed trees or cement pots are to be delivered, on-site help will be required to help remove these items from the truck. Prices in this catalog for 36 inch boxes are F.O.B. - if delivered they are subject to an additional delivery fee surcharge. The delivery of 36 inch box trees will require that a fork lift or tractor be present at the delivery site.

Truck Size Limitations

We use tractor trailer rigs for most of our out of town deliveries. They are 13½ ft tall by 45 ft long with 3 axles and they are heavy. Our drivers are instructed to use their best judgment about whether or not a delivery can be made. Please let us know if there are any potential difficulties for our delivery trucks at the delivery site.
